Dear Dr. Snow,

My thanks to you and your committee for the Committee of Visitors (COV) report for the UCAR and Lower Atmospheric Facilities Section (ULAFOS), which was held 8-10 July 2009.

NSF appreciates the efforts of you and your committee in this very important review function. The thoughtful and constructive comments of the COV were much appreciated by ULAFOS and have provided them with excellent guidance. The responses of ULAFOS to issues raised by the COV are enclosed.

Finally, let me again thank you and all the members of the COV for your diligence and thoroughness.

Sincerely,
