EARTH		LAND		PEOPLE		OCEAN		ICE		ATMOSPHERE		SPACE		DATA	EDUCATION / INFORMATION	OUTREACH	
NORTH		Biological Diversity Network (ARCDIV NET, 72)	Coastal Observatory Network (ACCO Net, 90)		Community Resiliency and Diversity (Arctic Resiliency, 111)			Integrated Arctic Ocean Observing System (IAOOS, 14)	Sea Ice from Space (SISI, 108)	Sea Ice Properties & Process (95)	Past Arctic climate variability (WARMFAST, 36)		Climate of the Arctic (CARE/ASR, 28)				
		Hydrological Cycle (Arctic-Hydra, 104)	Wildlife Observatories (Arctic WOLVES, 11)	Arctic Change (ISAC, 48)	Dynamic Social Strategies (6)	West Greenland Ecosystems (ECO-GREEN, 122)	Ecosystem Research in European Seas (HERMES Nordic Margin, 22)	Arctic Modelling and Observing Capabilities (DAMOCLES, 40)	Arctic Palaeoclimate (APEX, 39)	Greenland Ice Sheet (118)	Glacier response to global warming (GLACIODYN, 37)	Ocean-Atmosphere-Sea Ice-Snowpack Interactions (OASIS, 38)	Ozone layer and UV radiation (ORACLE-03, 99)	Polar weather forecasting (THORPEX, 121)		Linguistic & Cultural Heritage Network (LICHEN, 82)	Congress of Arctic Social Sciences (ICASS IV, 69)
		US NPS environmental change (21)	Oil Development in Indigenous Lands (MODIL-NAO, 46)	Language, Literature & Media among Inuit & Sami people (Glocalization, 123)	History of IPY Field Stations (100)	Aquatic Microbial Ecology (PAME, 71)	Sea Ice & Arctic Marine Ecosystems (PAN-AME, 26)		Northern Climate Variability (NORCLIM, 120)	Change & variability of Arctic Systems (Kinnvika, 58)	Climate Change, Alaska (114)					Center for Learning & Indigenous Knowledge (CLIK, 112)	
	Bering Land Bridge (29)			Sami inPolar Literature (30)											Learning using Wireless & Mobile Technologies (POLAR: WMT, 45)		
BOTH			Deep permafrost (113)		History of International Polar Years (27)					Ice, Snow Mass Balances by Satellite Gravimetry (125)		Climate, Chemistry, Aerosols and Transport (POLARCAT, 32)	Solar Linkages to Atmospheric Processes (56)	Mesospheric clouds & aurora (78)		Marine organisms in aquariums (80)	
	Plate Tectonics & Polar Gateways (Plates & Gates, 77)	USGS Integrated Research (USGS-IPY, 86)	Permafrost Observatory Project (TSP, 50)	Terrestrial ecosystems in Arctic and Antarctic (TARANTELLA, 59)	Ecological Responses to Changes in Polar Regions (MERGE, 55)	Historical Industrial Exploitation of Polar Areas (LASHIPA, 10)	Biogeochemical cycles of Arctic & Southern Oceans (GEOTRACES, 35)	Bipolar Atlantic Thermohaline Circulation (BIAC, 23)	Sea level & tides in polar oceans (13)	State & Fate of Cryosphere (Cryos, 105)	Glacier hydrosystems (Hydro-sensor-FLOWS, 16)	Air-Ice Chemical Interactions (AICI, 20)	Monitoring Network for Pollution (ATMOPOL, 76)	Polar Snapshot (GIIPSY, 91)	Geospace Phenomena & their Heliospheric Drivers (ICESTAR/IHY, 63)	Network of Children's Museums (Go Polar!, 96)	Polar research book series (79)
			Permafrost, Periglacial & Soil Environments (ANTPAS, 33)							Ice Core Science (IPICS, 117)				Astronomy from the Polar Plateaus (Astropoles, 124)		Publication Directory (51)	
SOUTH	Geodynamics of W. Antarctic Rift System (WARS, 109)	Cryospheric Evolution of Central Antarctica (ICECAP, 97)		Ecological Study of Antarctic Oases (MESAO, 73)			Circumpolar Climate interactions and Ecosystem Dynamics (ICED-IPY, 92)	Upper Ocean between Africa & Antarctica (UCAA, 70)		Ice and Climate of the Antarctic Peninsula (107)	Science Activities on Antarctic Plateau (CONCORDIA, 41)					Polar Inter-Disciplinary Voyages (116)	
	Exploring the Gamburtsev subglacial highlands (67)					Southern Ocean Broadband Seismo/Acoustic Observatories (ABES, 52)	Antarctic benthic deep-sea biodiversity (ANDEEP - SYSTCO, 66)	Marine and terrestrial communities, Antarctic Peninsula (ClicOPEN, 34)	Antarctic Shelf-Slope Interactions Study (SASSI, 8)	Antarctic Climate Evolution (54)	Antarctic Surface Accumulation and Ice Discharge (ASAI, 88)					Multi-media exploration of climate change in Antarctica (110)	
						Indigenous Fish (ICEFISH, 93)	Antarctic Marine Biodiversity (SCAR-MarBIN, 83)	Census of Antarctic Marine Life (CAML, 53)		Antarctic Calving & Iceberg Evolution (CRAC - ICE, 81)	Subglacial Antarctic Lake Environments (SALE - UNITED, 42)
