DUE DATES

Full Proposal Deadline Date: March 1, 2006

Fellowship proposal deadline

Travel grant proposal review and recommendation for award are expected to occur within two months of submission to enable timely travel; however, early submission of travel grant proposals, with respect to the proposed travel dates and the fellowship proposal deadlines, is strongly recommended.

SYNOPSIS

Postdoctoral Fellowships in Polar Regions Research, offered by the Office of Polar Programs (OPP), to support training and research on any aspect of scientific study of the Antarctic and/or the Arctic.

The program separately offers travel grants so that persons otherwise eligible to apply for the fellowships may first visit prospective sponsoring scientists at their organizations.

The program develops and trains new investigators in polar regions research with concomitant goals to:

- Support innovative research in emerging areas;
- Encourage interdisciplinary research;
- Foster activities that create broader impacts for science and society; and
- Increase the participation of underrepresented groups.

EDUCATIONAL OPPORTUNITY

This program provides educational opportunities for Graduate Students, Postdoctoral Fellows. Individuals interested in applying for funding should see the program guidelines above.
