

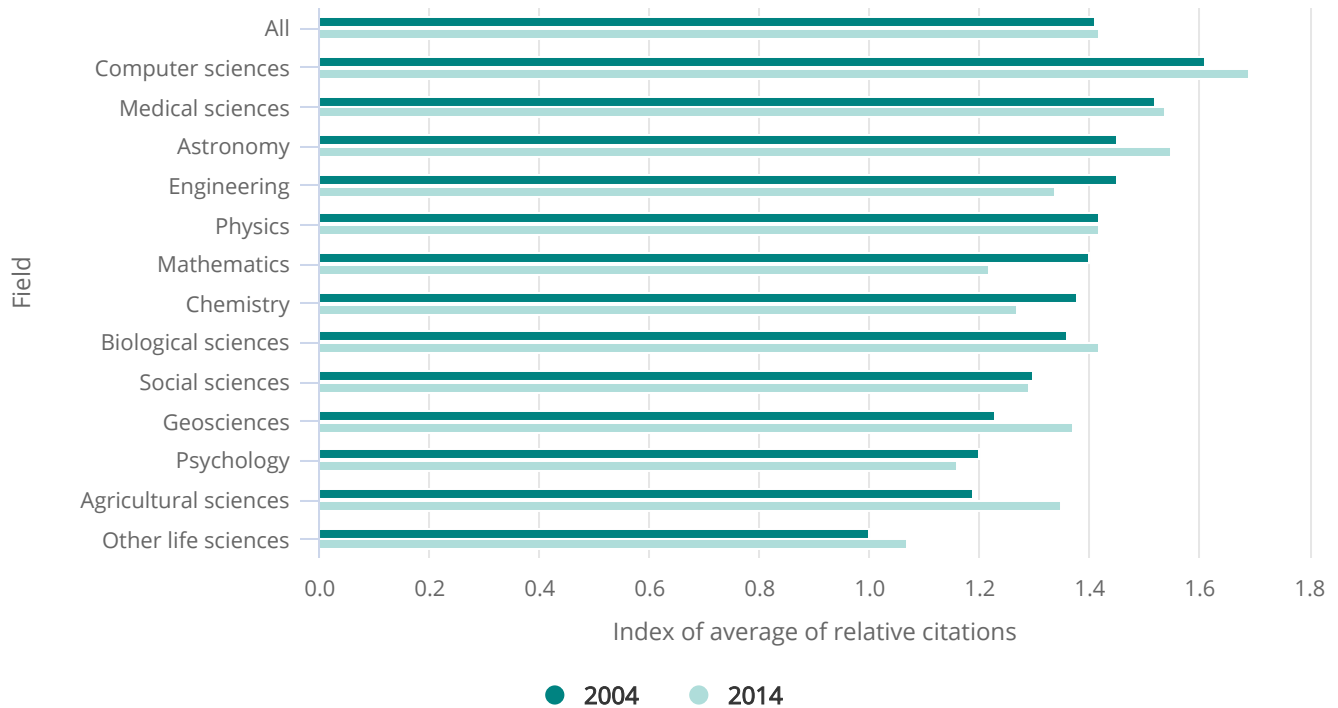

FIGURE 5-29

Average relative citations for the United States, by S&E field: 2004 and 2014

Note(s)

Articles are classified by the publication year and are assigned to a region, country, or economy on the basis of the institutional address(es) listed in the article. The average of relative citations is presented for the year of publication showing the counts of subsequent citations from peer-reviewed literature. At least 2 years of data after publication are needed for a meaningful measure. See Appendix Table 5-49.
